

Solidarity Action Day Start-Up Seminar

Call for participants

SAME – Solidarity Action Day Movement in Europe – is a European umbrella organisation that brings together several youth organisations carrying out an [annual Solidarity Action Day](#). On this day, pupils get the chance to exercise a job of their choice instead of going to school. They donate their salaries to youth-related projects from all over the world. On the Solidarity Action Day everything is possible, from being a baker to sitting in the parliament for one day.

The message of the Solidarity Action Day is simple: you(th) can make change happen! Besides gaining practical work experience which may prove valuable in their future careers, the participants of the Solidarity Action Day raise awareness and money for youth projects all over the world. These range from combatting youth unemployment in Uganda or Serbia to facilitating youth parliaments in Iraq or Venezuela. Informal and non-formal education plays a key role throughout our work.

SAME is an umbrella organisation that consists of nine organisations from eight different European countries. In all of these organisations youth is in charge: They lead the organisation as board members, elect projects that are supported or organise the annual Solidarity Action Day campaign. We believe in the power of young people and encourage them to become a driver of societal change in their local and the global community. SAME spreads the idea of the Solidarity Action Day all over Europe, through supporting organisations in Europe which want to implement the Solidarity Action Day in their country or region.
